Why study at a TVET College?

Technical and Vocational Education and Training courses are vocational or occupational by nature meaning that the student receives education and training with a view towards a specific range of jobs, employment or entrepreneurial possibilities.

He employs Maluti TVET College graduates as Interns through learnerships and also does on-the-job training. COME LET'S —DO— HAIR

Come for a complete make-over by having your hair styled at Be-Dazzle Hair and Beauty salon! By looking professional you can become a professional in any career of your choice!

TVET Colleges teach at a practical level. So, immediately after I graduated I put my skills to action! I started my own business and through this I am making a big difference in the lives of so many people, families and community.

Be diligent, don't give up if at first you don't succeed. Success is like planting a seed; you don't see the results immediately. Just keep on pushing and believing and one day it will all make sense. Some call it Karma, law of attraction, investing, call it what you may, but one thing besides death is guaranteed in this world – what you put in you will get out!

When you invest in yourself you attain more in life. If you want more in life, you have to do more. Today I am the proud owner of Be-Dazzle Hair and Beauty salons!

Name: Brenda Solomons; Studied: Fashion Design
 TVET College studied at: Northlink TVET College (Western Cape)
 Owner of: FOREVER GREY FASHION GALLERY; Contact number: 076 225 8360

Brenda Solomons: from graduated *TVET student* to unstoppable *Fashion designer!*

Northlink TVET College laid a solid foundation for me to run my own business. The practicals, advanced equipment and highly skilled lecturers made it all possible.

The lecturers were hands on and guided and assisted me along the way. Brenda now ploughs back into her own

community by employing people from the community. Learn as much as you can from others in the fashion industry.

Be relevant, be flexible, be open to learn at all times. Be hands on in your business that way you learn through the ups and downs.

Allow failures and setbacks to propel you for greater things in life. Adopt a mentality of "Never Give Up, No Matter What!!"

Success comes with hard work. Put your heart and soul into it and you will reap success!!

Study at a TVET College and be a successful business owner!

Name: Andile Mayoyo; **Studied:** Industrial Electronics
TVET College studied at: Falsebay TVET College (Western Cape)

Andile Mayoyo applying his mechanical, problem-solving, reading comprehension and writing skills as well as business and customer service skills acquired at Falsebay TVET College.

One cannot overestimate the importance of an electrician. Electric power runs nearly in

every device and service we depend on, and a skilled tradesman like Andile is involved, one way or another, in keeping them all running.

Practical training directly related to my field of interest, Electrical Engineering, at the TVET College enabled me to follow my dream to start my

own business. I always wanted to become a successful business man and here I am today reaping the benefits of my hard work and living a great life!

Education is the key to success!

Owner of a catering and events company: Tshidi's Traditional Restaurant and Tshidi's Trading Enterprise!

Tshidi's Trading Enterprise*; **Contact numbers:** *066 358 2723 / 078 107 3511*

Great opportunity to apply the skills I attained at Ingwe TVET College in my own business! I work closely with clients to design, prepare, and serve menus for events, including wedding dinners, charity balls, holiday brunches, office lunches, and any other occasion where people gather and consume food.

I understand how certain dishes work together, have strong interpersonal, particularly listening skills and the ability to manage my cooking and serving staff.

Management and organisational skills are critical if you wish to keep your catering concerns solvent. I spend

considerable time developing menus, a unique style, and a business plan.

I only use products of high quality in my catering business, ensure that my prices are competitive and render outstanding services to my clients!
